

MATURINE CARLOT-TARY

Director of Health and Nutrition

Maturine Carlot-Tary serves as Phoenix Life's Director of Health and Nutrition. She previously held a number of roles within the Vanuatu Ministry of Health and other agencies that have prepared her well to guide Phoenix Life as it expands its network of Community Healthcare Clinics and Dispensing Pharmacies. Her background provides her with a strong understanding of professional ethics and valuable insight into the needs of Ni-Vanuatu citizens.

Carlot-Tary boasts a strong background in health science with degrees in Dietetics and Public Health Nutrition from the Fiji School of Medicine and Bachelor of Arts in Economics and Human Biosciences from the University of New England. While serving as the Director of Health Planning and Administration for the Ministry of Health in Vanuatu, she gained valuable experience in managing medical stores and pharmacies. In her role as Director General of Health for the Vanuatu Ministry of Health, Carlot-Tary met with diplomatic corporate partners to address global health issues in Vanuatu, the Pacific and the world. She also held the position of Chairperson of the Vanuatu Medical and Ethics Research Committee and utilized her dietary training to provide clients with individualized diet counseling to promote improved overall health.
